

The Faces of ADVOCAP Amber

My name is Amber and I am a single mother of three working 32 to 40 hours per week. I was in dire need of reliable safe transportation to get myself to work, my children to school and daycare, and to attend classes at the technical college. My old Saturn needed a lot of repairs and was becoming unreliable.

Through ADVOCAP's Work-n-Wheels program, I was able to purchase a 2005 Dodge Caravan that was big enough for my family and that I could count on everyday. This program is a great way for someone that is working hard to take care of their family but who needs a little extra help. I want to thank ADVOCAP and everyone that helped make this opportunity possible.
